

WHAT WE DO.

RIGHTROUND SPECIALIZES IN INTERNET CONNECTIVITY ANYWHERE, HIGH-DENSITY WIFI SOLUTIONS, VIDEO PRODUCTION AND BEACON ACTIVATION FOR LIVE EVENTS, FESTIVALS AND CONFERENCES.

We solve technology problems and make event technology work while making it feel easy and seamless.

INTERNET ANYWHERE

Need internet in the middle of nowhere or in Midtown? No request is too outrageous. RightRound has delivered service to locations ranging from city hotels, to parking lots, and the Black Rock Desert.

HIGH-DENSITY WIFI

Provide attendees and production staff Internet access to the information they need to run the show and keep in touch. Solutions scale to support many people, from hundreds-to-thousands, each using several devices.

VIDEO PRODUCTION

RightRound produces quality video, whether it's a single speaker, a panel, or a full-on rock concert. We provide the crew, equipment, and production to stream and share the event live on the internet.

BEACON ACTIVATION

Let our RightRound technicians do the work of prepping, managing, and deploying hundreds-to-thousands of beacons while you and your clients walk the cutting edge of digital marketing and attendee engagement.

WHERE WE'VE BEEN.

WE WILL GO TO WORK ANYWHERE WE ARE NEEDED, REALLY!

RightRound has delivered event technology services from coast-to-coast within the United States and Internationally to Canada, Europe, and South America.

WHY YOU NEED US.

"RightRound has such a deep understanding of event and conference - they are professional, knowledgeable, and it works."

- **MICHAEL BROWN**, SXSW

"Our event was a great success. A huge part of that was in thanks to RightRound, the service and support your entire team provided. I have a better understanding of the process as a whole now and would consult RightRound to help assess our event."

-**ADRIENNE KATZ**, VICE

HOW WE WORK.

EVENTS ARE LIKE FINGERPRINTS – NO TWO ARE EXACTLY ALIKE. THAT’S WHY OUR PROCESS IS DESIGNED TO PRODUCE A CUSTOM SOLUTION THAT ACCOUNTS FOR YOUR REQUIREMENTS AND BUDGETARY CONSIDERATIONS.

Discovery: What do you want to accomplish? Each opportunity begins with a dialogue to investigate and understand the needs and goals of your event.

Analysis: RightRound takes the collected data and starts developing a plan, designed for you. Together, our team performs a comprehensive analysis and engineers a design.

Proposal: RightRound synthesizes data and develops a practical plan for fulfillment. We propose an all-inclusive pitch that achieves project goals on time and on budget.

Deployment: This step in our process starts before we arrive on-site syncing to ensure nothing is missed. On-site, we function as part of the event production staff.

Confidentiality: Discretion is one of our core values, and we practice it daily. We have the utmost respect for the confidentiality of our client and their event.

Wrap: After the event, we’ll check-in for client feedback & provide any requested reports or deliverables. We’ll go the extra mile to build ongoing relationships and earn repeat business.

SOME OF OUR IMPRESSIVE CLIENTS.
